

You are (or soon will be) a guest at Hutchison Ports Europe Intermodal (HPEI). We would like to draw your attention to the important information below.

ROUTE TO HUTCHISON PORTS EUROPE INTERMODAL

Our office is easy to find: simply follow **havennummer 8200** (port number 8200) on the signposting in and around Rotterdam. The full address can be found at the top right of this page.

Our office is part of the premises of the Hutchison Ports ECT Delta terminal, but is located just outside the terminal itself. Turn right at the roundabout before the terminal, in the direction of building 5. This building is clearly numbered. The route is indicated in a dotted line on the map below.

Some navigation systems will not provide the shortest route to our office, as they are unfamiliar with the numbering system on the Europaweg (they will advise you to prematurely exit the A15 motorway).

Make sure to check this beforehand or only make use of the port numbering system. Please make sure to factor in extra travelling time. Our office is located at the Maasvlakte, some 45 minutes by car from downtown Rotterdam.

TRAFFIC AND SECURITY REGULATIONS

Whenever you are on our terrain, you must adhere to our safety rules and code of conduct which include:

- You have to park at designated parking spaces;
- When entering or leaving the terrain and building, you are obligated to cooperate in any searches;
- Smoking is only permitted in designated smoking areas;
- Consuming and/or possessing and/or transporting alcoholic beverages, drugs and/or hallucinogens during your visit is prohibited unless medically prescribed.

QUESTIONS?

Please contact the person you have an appointment with at Hutchison Ports Europe Intermodal with any questions you may have.
