

# HUTCHISON PORTS ECT EUROMAX

Maasvlakteweg 951, Havennummer 9830, 3199 LZ Rotterdam (Maasvlakte)

As you are (or will soon be) our guest at Hutchison Ports ECT Euromax, we would like to ask your attention for the important information below.

## ROUTE TO ECT EUROMAX TERMINAL

ECT Euromax terminal is easy to find: simply follow 'havennummer 9830' (port number 9830) on the signposting in and around Rotterdam.

The full address is listed in the blue text above. Some navigation systems will not provide the shortest route to the ECT Euromax terminal as they are unfamiliar with the numbering system on the Maasvlakteweg (they will advise you to prematurely exit the A15 motorway). Make sure to check this beforehand or only make use of the port numbering system.

**Attention!** Please make sure to factor in extra travelling time. The ECT Euromax terminal is located at the Maasvlakte, some 50 minutes by car from downtown Rotterdam. Registering at the security lodge will require extra time as well.

## REGISTRATION

You and any passengers in your vehicle will need to register at the security lodge, which has temporary parking facilities. The security officer has already been notified of your visit by the person you have an appointment with at the terminal. You are required to identify yourself by means of a valid ID.

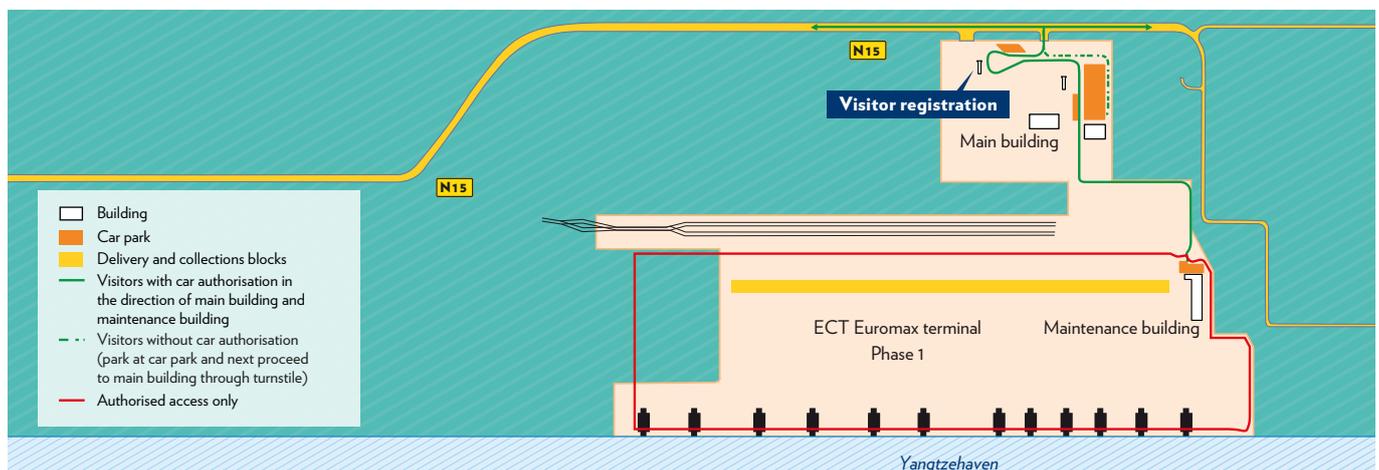

The security officer will refer you to the location where your meeting will take place. Below is the route that will take you to the building in question.

Our buildings do not have a reception desk, so make sure to carefully follow the instructions of the security officer as regards the building number, floor and office number. Children and/or pets are not allowed to enter the terminal.

## ECT PREMISES

Whenever you are on ECT terrain, you must adhere to the safety rules and code of conduct of ECT, which include:

- on the through roads and in the operational areas (authorised access only), a maximum speed of 30 km/hour applies;
- follow the route marked in green below to your destination building and be alert for all other (freight) traffic; **Caution! The quay is an operational area and is off-limits without proper authorisation!**
- you have to park your car at the designated parking spaces;
- when entering or leaving the ECT terrain and building, you are obliged to cooperate with any searches;
- smoking is only permitted in designated smoking areas;
- consuming and/or possessing and/or transporting alcoholic beverages, drugs and/or hallucinogens during your visit is prohibited unless medically prescribed.

**QUESTIONS?** Please contact the person you have an appointment with at ECT with any questions you may have.
